AQUIFER TO TRANSITION TO ELECTRONIC DELIVERY

The Aquifer will begin to transition from solely print to electronic delivery throughout the remainder of 2009, and The Groundwater Foundation plans to use electronic delivery as the primary means of dissemination beginning in 2010. Limited print copies will be continue to be available to those without electronic access. Making the switch from print to electronic format will help cut printing and mailing costs, and allow the Foundation to direct more funds to its educational programs and projects.

The Groundwater Foundation is currently collecting email addresses in order to expedite the process and continue disseminating *The Aquifer* to its many loyal readers and friends of the Foundation. To ensure you continue to receive *The Aquifer* in the future, please visit www.groundwater.org/au/aquifer.html and submit your current email address.

Past issues of *The Aquifer* will also soon be available on the Foundation's website at www.groundwater.org/au/aquifer.html.

If you have any questions, concerns, or comments about the upcoming transition to digital delivery, please contact *Aquifer* Editor Jennifer Wemhoff at jwemhoff@groundwater.org or 402-434-2740.

###

The Groundwater Foundation is a non-profit organization based in Lincoln, Nebraska with a mission to educate and motivate the public to care about and for groundwater. Since its inception in 1985, the Foundation has offered various educational programming for youth and adults. To learn more, visit www.groundwater.org.
