

Writing Contest

2011 theme:

Let's Keep It Clean!

How you can protect

groundwater too!

Crete Elementary students Sabrina Reed (4th grade) and Aubrey Burse (3rd grade) are the winners of the 2011 writing contest. We asked students in the third and fourth grade to tell us their story about groundwater:

- Why it is important to you and what you do to protect it!
- Encourage other people to do their part!
- Make it fun!
- Be creative!

The winning entries are posted on The Groundwater Foundation's website. Students received a Runza t-shirt, Runza meal, Groundwater Foundation cinchsack, and other Groundwater Foundation items. Their teachers also received educational items for use in their classrooms.
