Meeting evaluation |
| Noon-1 p.m. | Lunch and your choice of two small groups: <ol style="list-style-type: none">1. <i>Wellhead Protection in the Field</i> – This small group’s discussion will focus on how to get small communities interested and involved in wellhead protection – the methods that work, the methods that do not work, and other lessons learned. This is a great opportunity for relatively new field staffers to learn from folks that have “been around”.2. <i>Wellhead Protection Publications – Educating Landowners/Producers and Other Community Leaders</i> – This small group’s discussion will focus on a proposal to develop a set of glossy WHP publications, each 6-8 pages in length, that would target landowners/producers and other community leaders. |
