

## List of 30

# 30 Conference & Symposium Themes

The Groundwater Foundation has gathered constituents and partners together for a conference and/or symposium throughout its history, focused on a variety of topics.

1. Groundwater for the Future: Choice or Default  
*(1985, Lincoln, Nebraska)*
2. Taking the Measure of Groundwater: The Study and Management of a Resource  
*(1986, Lincoln, Nebraska)*
3. Groundwater as a Commodity: A Public Dialogue  
*(1987, Lincoln, Nebraska)*
4. The Platte River System and Groundwater  
*(1988, Lincoln, Nebraska)*
5. Risky Business: Assessing Groundwater Impacts  
*(1989, Lincoln, Nebraska)*
6. Brave New Technologies: Groundwater and the 90's  
*(1990, Lincoln, Nebraska)*
7. Winds of Change: Climate and Groundwater Supply  
*(1991, Lincoln, Nebraska)*
8. Truth or Dare: Addressing the Groundwater – Surface Water Link  
*(1992, Lincoln, Nebraska)*
9. Doing the Right Thing: Ethics and Groundwater Use  
*(1993, Lincoln, Nebraska)*
10. The Drinking Water Challenge: Groundwater and Public Health  
*(1994, Lincoln, Nebraska)*
11. Source Water Protection: Making the Connection from Aquifer to Tap  
*(1995, Lincoln, Nebraska)*
12. Under the Microscope: Understanding Microbes in Groundwater  
*(1996, Boston, Massachusetts)*
13. Citizens Make the Difference  
*(1996, Oak Brook, Illinois)*
14. Groundwater Protection: Tools for a New Era  
*(1997, San Francisco, California)*

- 15.** It's Just Common Sense: Practical Approaches to Groundwater Management  
*(1998, San Antonio, Texas)*
- 16.** Bringing Groundwater To Life  
*(1998, Location)*
- 17.** The Road Less Traveled: Understanding & Addressing Groundwater Risks  
*(1999, Atlanta, Georgia)*
- 18.** Asking the Right Questions: Evaluating the Impact of Groundwater Education  
*(2000, Nebraska City, Nebraska)*
- 19.** Today's Technology Protecting Tomorrow's Groundwater  
*(2001, Pittsburgh, Pennsylvania)*
- 20.** Groundwater: The Forgotten Element in Groundwater Protection  
*(2002, Eugene, Oregon)*
- 21.** Water Supply Scarcity: Who Gets the Last Drop?  
*(2003, Las Vegas, Nevada)*
- 22.** Groundwater and Public Health: Making the Connection  
*(2004, Washington, DC)*
- 23.** Coming Together for Groundwater: Science, Technology, and Practice  
*(2005, Nebraska City, Nebraska)*
- 24.** Pathogens – People – Protection  
*(2006, East Lansing, Michigan)*
- 25.** Bridging the Gap Between What is Known and What is Practiced  
*(2007, Denver, Colorado)*
- 26.** Going Green for Groundwater  
*(2008, Desert Hot Springs, California)*
- 27.** Let's Keep it Clean: Exploring a Collaborative Approach to Groundwater Protection  
*(2011, Omaha, Nebraska)*
- 28.** Tools for Groundwater Sustainability: Working Together to Meet the Challenges  
*(2013, Howey-in-the-Hills, Florida)*
- 29.** Community-based Groundwater Protection: A Formula for Success  
*(2014, Las Vegas, Nevada)*
- 30.** It's Just the Beginning: Let's Get Started  
*(2015, Lincoln, Nebraska)*
