- Head West on US Hwy 6
- US Hwy 6 becomes East South  
Street
- Right onto South Denver  
Avenue

Thank you for your interest in attending the Science Educators Pop-up Conference at Hastings Public Library! Before you arrive, there are a couple things you should know:

- Parking is available in the lot outlined in red. It is shared with the city and is directly across from the library entrance.
- The doors of the library will open at 9:00 am.
- A short networking reception at the library with beverages and light hors d'oeuvres will take place immediately following the conference and will go until the library closes at 6:00 pm.
- Your name tags will be color coded according when you will attend each session. We will group you with teachers that have similar classes and goals for the workshop in order to promote discussions and applications relevant to your classroom.
- You will only need to bring a computer or device that can connect to the internet or a writing tool and notepad. Hastings Public Library also encourages you to explore Thingiverse ([www.thingiverse.com](http://www.thingiverse.com)), an online blueprint library for 3D printed objects, as there may be time for a demonstration of the 3D printer in their session.

If you have any additional questions, please contact Sara Brock from The Groundwater Foundation at [sbrock@groundwater.org](mailto:sbrock@groundwater.org) or by phone at (402)-434-2740 x 110.
