Jeffrey Williams, MGWC, CVCLD, President-Elect  
Spafford and Sons Water Wells | Jericho, VT

# Give to Lincoln Day is May 30, 2019

The Groundwater Foundation's hometown of Lincoln, Nebraska is once again celebrating the city's nonprofit organizations with Give to Lincoln Day on May 30, 2019.

Susan Seacrest started the Groundwater Foundation in her Lincoln home in 1985, and the Foundation has called Lincoln home ever since. Lincoln is a great city - it has jobs, great schools, recreation, and much more. And it has hundreds of nonprofits that do great things for the city and beyond.

Groundwater is the water Lincolnites drink and something everyone needs to understand as their drinking water source. The Groundwater Foundation may be a national organization, but we also work locally in the Lincoln community with educators, youth, and community members to help everyone understand the resource and how they can take action to protect it now and for future generations.

On Give to Lincoln Day, every donation given to the Groundwater Foundation and other local nonprofits is made bigger by matching funds. Starting May 1 and running through Give to Lincoln Day on May 30, every donation helps the Groundwater Foundation earn a proportional share of a \$450,000 challenge match fund provided by the Lincoln Community Foundation and their sponsors.

Even if you don't live in Lincoln, you can help support the Groundwater Foundation's work by making a donation as part of Give to Lincoln Day. Give online at [www.givetolincoln.com/nonprofits/groundwater-foundation](http://www.givetolincoln.com/nonprofits/groundwater-foundation).
